

As Our Light Shines Bright

Oak Onadowan

(demo recording by Alyssa Kempinski)

As our light shines bright,
Don't forget our fight -
We will stand here and be seen.

If they tell us no,
Its our love we'll show,
We will stand here and be seen.

In the darkest night
We will Be a Light
We will stand here and be seen

With a song we start,
Let it fill your heart,
Come and stand with us, and sing

With a song we start,
Let it fill your heart,
Come and stand with us, and sing

The song can also be sung as a three-part round:

GROUP 1

GROUP 2

Let it fill your heart,
Come and stand with us, and sing

GROUP 3

Come and stand with us, and sing
